

Healing for a Better than Normal Monsoons 2011

July 4, 2011

Global Healing Alert for rainfall!

**Calling all Reiki, KQ Healers
Worldwide.**

**-- A Healing Initiative by the Karmic
Healers**

Nalin K. Nirula

&

Renoo Nirula

* The monsoons over the Indian sub-continent are likely to be below normal according to the Met Office.

* We request all healers to send healing to rectify the situation using all of the affirmations given below. You may, of course, add to these as you may be guided. The affirmations drill down from the general to the specific--including the specific with the general means faster healing results.

* In the affirmations we are referring to specific universal administrators by their official vedic administrative designations for immediate response and effect. (These are not names of 'Hindu gods'.)

We thank you for your participation in this great beneficial and welfare healing initiative.

* Healers may send us a message of participation in this healing through e-mail and we will list your name and city, country on a Healing Wall page to recognize your contribution.

Blessings, love and light,

Nalin K. Nirula and Renoo Nirula

Healing for a Better than Normal Monsoons 2011

Guidance

All healers should use the maximum methods.

Please use all of the 7 affirmations with the appropriate AOG's (Reiki healers), and various empowering symbols and methods given depending upon your empowerments.

Reiki healers may use the overlapping 21 day healing pyramid method for maximum effect. Healers who have done both KQ and Reiki may combine symbols and methods --keep it simple.

The Affirmations

All healers should send DAILY healing in addition to longer-term healing, for at least 42 days or mid-August, whichever is later, and longer as may be needed.

Global Healing Alert for better than normal rainfall!

July 4, 2011--Calling all Reiki, KQ Healers Worldwide.

1. The survival root chakra of the Indian sub-continent is healed and has expanded to a fully healthy condition. The administrator of the root chakra (Ganesha) has opened all doorways and removed all obstacles in the path of a better than normal monsoon over the whole area.
2. Divine healing grace has resulted in a better than normal rainfall for the monsoon over the Indian sub-continent in 2011.
3. The 2009 monsoons over the Indian sub-continent have made up the delay and are better than historical normal, with widespread rainfall over the whole area.
4. All the elements and administrators of the elements have received sufficient healing that they have exercised a mandate for delivery of a better than normal monsoon-rainfall over the Indian sub-continent in 2011.
5. The specific administrators for the oceans and space (Varuna); clouds and rainfall (Indra); wind (Pawan); and crop abundance (Kanak Lakshmi), have all received healing as has their work for benefitting mankind and all living entities, such that there is a better than normal monsoon-rainfall over the Indian sub-continent in 2011.
6. The karma of the governments in power in the Indian sub-continent, and the karma of their leaders is sufficiently healed that there is more than normal rainfall over the Indian sub-continent in 2011.
7. The karma of the citizens of the Indian sub-continent is healed so that there is no suffering to them on account of drought or low rainfall conditions in 2011 and 2012. Their karma is sufficiently healed that there is a better than normal rainfall this year, 2011.
